This workshop is for educators, prevention providers, coalition members, law enforcement, probation officers, school administration, treatment, counselors, and parents. This session is unique, in that it provides over 120 visual aids for attendees to hold and become familiar with. In today's culture everything is person-specific and has different meanings to different individuals. For each person to help prevent youth and adult substance abuse, you MUST know what is going on in your community. These new trends are very popular and it is important for all who are involved in prevention, education, treatment or enforcement to understand these sweeping changes in the drug culture.

Officer Galloway is highly regarded as one of the nation's top experts in various drug and alcohol trends. His countless hours of research keeps his presentations current, evolving with the trends. This Tall Cop has trained more than 75,000 people nationwide.

LOCAL PRESENTATIONS: 5PM – 7PM

- **Kye Nordfelt - Southwest Utah Public Health Department** – Learn the truth about the risk of Electronic Cigarettes.
- **Mobile Crisis Outreach Team (MCOT)** – MCOT is a service aiming to be a support for parents and an educational tool for children. We come in as a mediator to help both parents and children understand their role in the home. We hope to empower parents through education so they can regain control in their homes. Some of the services offered by MCOT include: Family Behavioral Contracts, 24/7 Mobile Response, Home Visits, and more.
- **St. George Police Department** – The SGPD will discuss local drug trends and what to be aware of. They will also provide education about laws regarding youth and rights that parents have, including, searching and privacy, running away, and youth substance use.
- **Q and A**
