Dear Parents,

The Utah Department of Health, under the direction of Governor Herbert has approved a “Low Risk Test and Return” protocol for quarantine. Students and staff may have their quarantine reduced from 14 days to seven if they meet ALL of the following criteria.

- Both the person who tested positive and the individual (student, teacher, or staff member) who was exposed (within 6 feet for 15 minutes or longer) were wearing face masks at the time of exposure; and,
- The individual waits at least 7 days prior to submitting to a COVID-19, PCR or antigen test (not an antibody test); and,
- The test results are negative; and,
- The individual submits the written results of the test to the school principal or administrator; and,
- The student, teacher, or staff member does not have symptoms of COVID-19.

Please review the complete guidance at https://www.washk12.org/images/blog/coronavirus_info/low_risk_test_and_return.pdf.

This is effective immediately.

Thank you for your continued support.
